Curacations

MARKETING STRATEGY

By: Cassie Craven , Holland McCarter,
Emma Madden, & Anna McGinnis

Business Question

Who should Curacations pursue first, and how should we reach them?

SCOPE

- SC Launch
- Charleston, Greenville, & Myrtle Beach
- $10,000 total budget

RESEARCH APPROACH

- Compare travel behavior and life stages
- Evaluate discovery channels
- Use local market context

Cassie

Potential Audiences

Young Experience Seekers

Strong younger-adult booking activity and social planning evidence align with travel discovery

Launch Position: 1st Priority

Young Professional Couples

Working adults planning experiences with a partner is common but needs convenient planning for shared interests.

Launch Position: 2nd Priority

Young Family Planners

Parents planning experiences with children. Evaluate the need for suitable activities, clear costs and information.

Launch Position : 3rd Priority

Solo Explorers

A meaningful travel audience, but research doesn't provide much detail about specific planning needs and discovery channels

Launch position: Later test

Social Friend Groups

Group planning could fit the platform, but evidence about demand and coordination needs is limited

Launch position: Later test

Older and Multigenerational

Travel remains relevant, but research gives less guidance on reaching and converting this varied audience

Launch Position: Later test

Cassie

Segment Prioritization

Segment	Platform Fit	Repeat Potential	Reachability	Research Support	Total
Young Experience Seekers	3	3	3	3	12
Young Professional Couples	3	3	2	3	11
Young Family Planners	3	3	2	3	11
Solo Explorers	2	2	2	2	8
Social Friend Groups	2	2	2	2	8
Older/ Multigenerational travelers	2	2	1	2	7

Equal-weight preliminary score

1= Limited, 2= Moderate , 3 = Strong. Total out of 12

Holland

What the Research Tells Us

RESEARCH FINDING	IMPLICATIONS FOR CURACATIONS
91% of adult Gen Z and 86% of Millenials booked leisure travel in the past 12 months.	Test Younger travelers first
32% of Gen Z and 26% of millenials expect information difficulty	Make relevant experiences easier to find
33% of travelers say they typically travel with a partner/spouse	Test Professional Couples as a launch hypothesis and validate the segment through primary research.
Family Constraints : • Cost - 73% • School breaks-51% • Vacation time- 47%	Offer useful family planning content and information

Emma

Three Priority Audiences

Experience Seekers

Strongest young adult booking evidence and social planning.

Curacations can help travelers turn inspiration into relevant experiences they can plan.

Professional Couples

Partner/Spouse travel is a large group of travelers.

Curacations can help partners find their experiences that suit their shared interests and organzie trips together.

Family Planners

Families face challenges around affordability, school breaks and vacation time.

Curcations can help parents find suitable activities with clear costs and details.

Anna

Audience 1: Experience Seekers: Demographics & Profile

WHO THEY ARE

Adults 21-30, including students and early career professionals.

KEY EVIDENCE

91% of adult Gen Z and 86% of Millenials booked leisure travel in the past year.

SC FIT

- Charleston pilot with Greenville comparison
- Target residents and visitors separately because city and tourism areas statistics cover different geographic

DEFINING TRAITS

- Motivated by discovery and new experiences
- Use social content for travel experiences
- Value personalized recommendations

Emma

Audience 1: Experience Seekers: Travel Behaviors

Trip Pattern

Shorter domestic trips and nearby weekend experiences.

Planning Window

Broader travel behavior shows many booking occur closer to departure.

Top Priorities

- discovering unique experiences
- finding ideas relevant to their interests
- keep trips affordable
- easily saving inspiration

Pain Point

32% of Gen Z expect difficulty finding relevant information.

Too many options across platforms.

Emma

Audience 2: Professional Couples: Demographics & Profile

WHO THEY ARE

Employed adults, all genders and couple types.

Around 25–40 planning travel with a partner.

Trips may serve quality time or a break from routine.

KEY EVIDENCE

33% of people typically travel with a partner or spouse.

SC FIT

- Charleston and Greenville pilots
- Resident and visitor performance is tracked seperately

DEFINING TRAITS

- Plan around both partners' interests
- Balance travel with work schedules
- Prioritize quality time together
- Value convenient, organized trip ideas

Cassie

Audience 2: Professional Couples: Behaviors

Trip Pattern

Weekend breaks and occasional longer leisure trips.

Planning Window

Planning occurs around both work schedules and shared interests.

Top Priorities

- manageable itinerary with clear costs
- trust comes from peers, recent reviews and useful details
- duplicate research or generic lists may reduce interest

Pain Point

- coordinating schedules
- agreeing on activities
- researching across multiple sources
- fitting a worthwhile trip into limited time

Cassie

Audience 3: Family Planners: Demographics & Profile

WHO THEY ARE

Parents or guardians of children under 18 who plan or influence family-travel decisions.

Working age range: approximately 30-49 (age varies by household/children's age)

Any gender

KEY EVIDENCE

27% of people typically travel with children.

62% of parents plan beach trips.

SC FIT

- Proposed Myrtle Beach pilot for family beach and entertainment planning.
- Charleston for comparison
- Myrtle Beach's 18.2 M visitors and $13.2 B direct spending show destination scale

DEFINING TRAITS

- make decisions for the whole family
- prioritize affordability and age-appropriate activities
- plan around school calendars
- need clear logistics before committing

Holland

Audience 3: Family Planners: Behaviors

Trip Pattern

Planned next year travel:

- 83% multi-day US trips
- 68% weekend trips
- 49% day trips

These are intentions, not completed trip frequency.

Planning Window

Planning for year in advance with trips around school breaks.

Top Priorities

- Affordability: 73%
- School-break timing: 51%
- Vacation time: 47%

Pain Point

High family travel costs; school-break restrictions; limited vacation time; missing information about age suitability and logistics

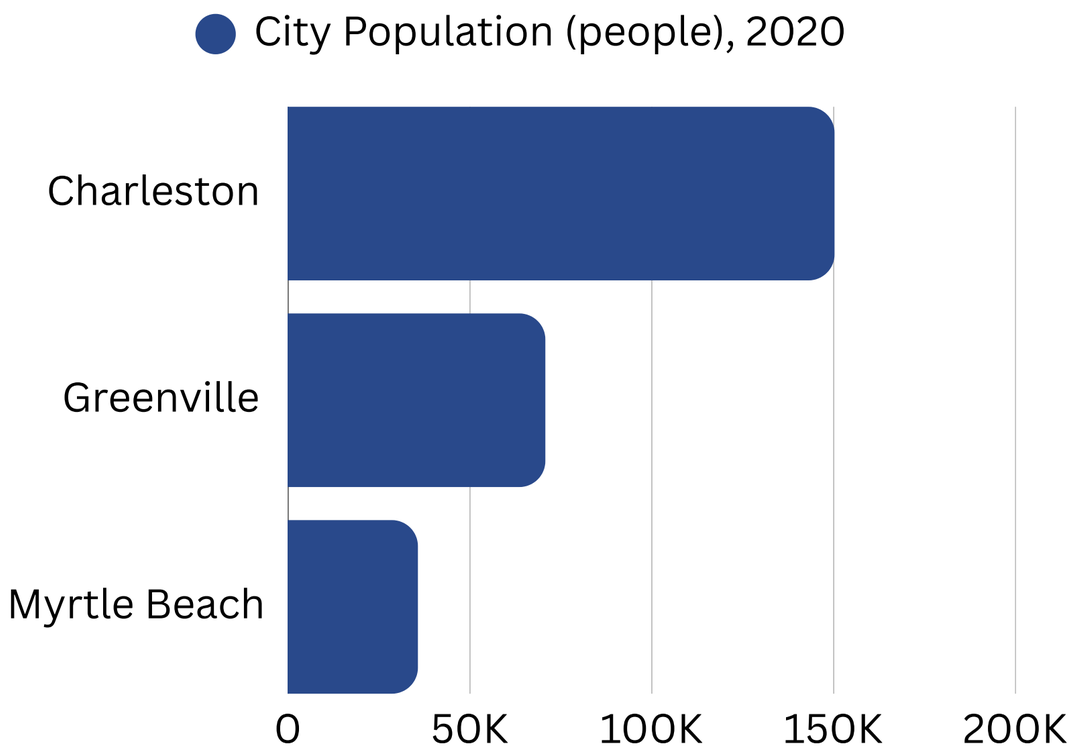

How to Reach & Connect

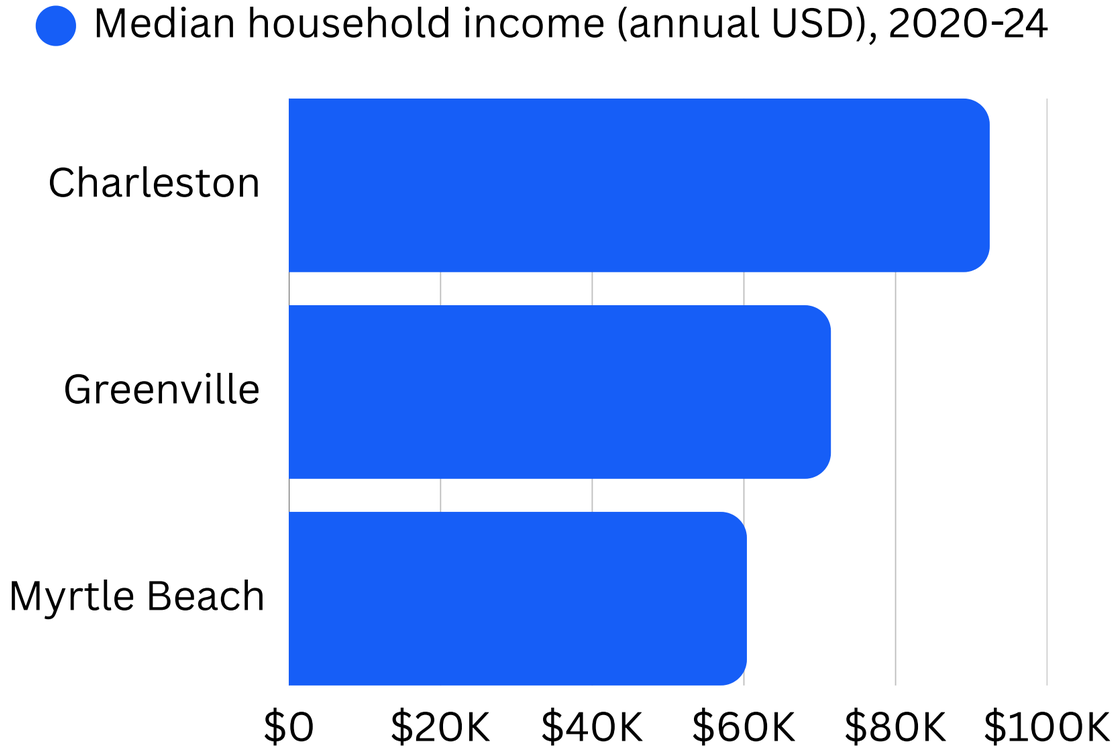

AUDIENCE	ATTENTION CHANNELS	DECISION CHANNELS	WHAT BUILDS TRUST
Experience Seekers	• Instagram Reels • Tik Tok • Local Creators	• Google Search & Google maps • Review & Activity booking platforms • Direct experience-provider websites	• Authentic Walkthroughs • Recent Details • Clear Costs
Professional Couples	• Instagram • Weekend Trip Content • Local Creators	• Google search & google maps • Tourism & travel websites • Booking & price-comparison platforms	• Reviews • Realistic Itineraries • Practical Details
Family Planners	• Parent Communities • Facebook • Instagram	• Google search & Google maps • review platforms • Tourism, booking, and attraction websites	• Parent Recommendations • Age Suitability • Costs & Logistics

Channel assignments are research-informed audience hypotheses to be tested during launch. Family-planner channels are directly supported by the 2025 FTA/NYU survey.

Emma

Comparing the local markets

Charleston had the largest resident base as well as the largest median household income among the three cities

Anna

Integrated Launch Strategy

Launch Focus

- Charleston to lead launch
- Smaller Greenville and Myrtle Beach launch
- Experience Seekers recieve the largest initial test

Acquisition Approach

- Social Media and Local Creators introduce ideas
- Search reaches travelers with active intent
- Tailor content to each audience

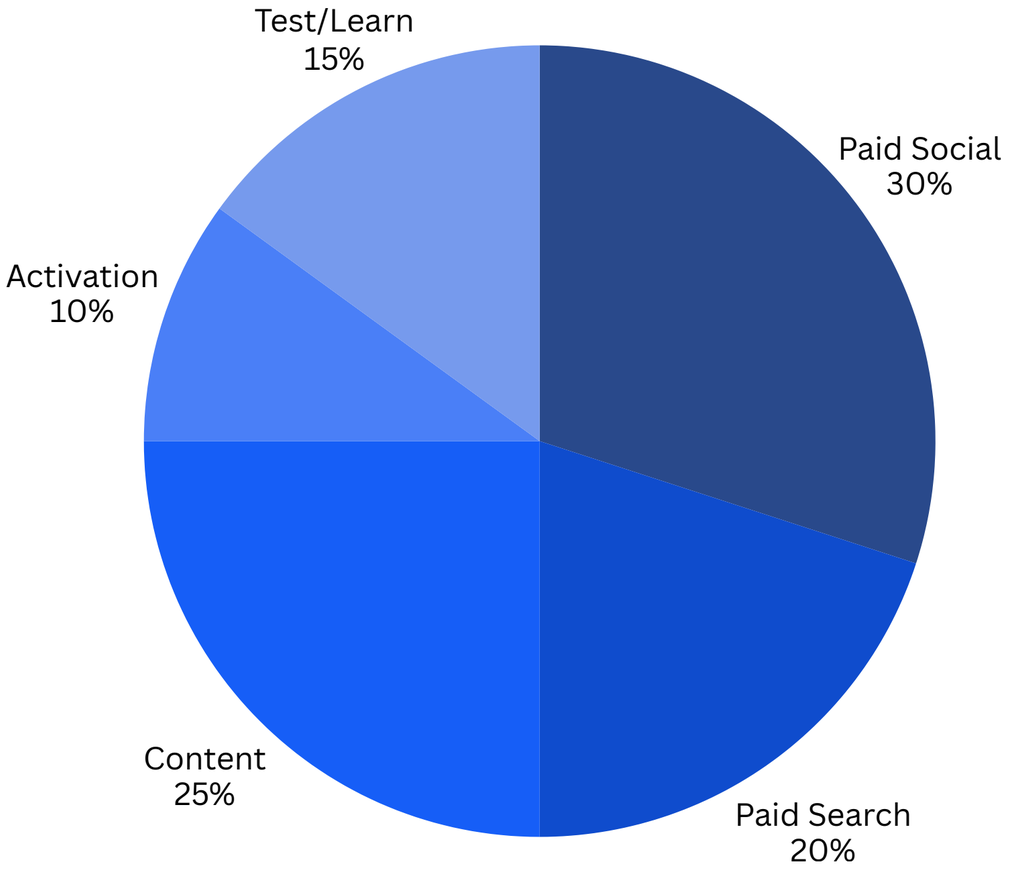

Investment Priorities

- Prioritize paid social and search tests, plus useful local content within $10,000
- Deprioritize broad sponsorships and large events

Test & Learn

- Compare cost per activated user and 30 day return
- Shift remaining investment toward stronger audience and market results

$10K Launch Budget

Paid Social	$3,000
Paid Search	$2,000
Local Creator Content	$2,500
Activation/Referral Tests	$1,000
Testing and Learning	$1,500
Total	$10,000

Anna
